PROFILE

As a motivated and dedicated final-year Computer Science student, I possess a strong passion for artificial intelligence, robotics, machine learning, IoT, and web development. I have developed a solid foundation in programming, problem-solving, system design, and computing, allowing me to adeptly transform theoretical concepts into effective practical solutions. My experience spans the construction of robots and systems, as well as the development of dynamic web applications, all approached with creativity and a collaborative mindset. I have a proven ability to quickly adapt to new tools and frameworks and excel in fast-paced environments that require precision and innovation. My involvement in team projects, including Melora (a mobile app), Echo-Bank AI (an AI powered website), and Career Atlas (a job search website), SiteTrack (a Construction Company Management System), underscores my capacity to inspire my peers while consistently delivering results. I am eager to leverage my technical skills, curiosity, and strong work ethic in roles focused on AI, robotics, or web development. My goal is to continue growing as a versatile technologist, ready to address and overcome the challenges of today and tomorrow.

EDUCATION

BSc. Computer Science

November 2022 to date

Kwame Nkrumah University of Science and Technology (KNUST), Kumasi, Ghana

W.A.S.S.C.E (General Science)

September 2019 – September 2022

Our Lady of Grace Senior High School, Kumasi, Ghana

WORK EXPERIENCE

Intern, Council for Scientific and Industrial Research INSTI, Accra

May 2025

- Assisted in the preparation for WRO Robo Mission Qualifiers.

Intern, Council for Scientific and Industrial Research INSTI, Accra

October, November 2025

- Prepared and Coached Junior and Elementary Teams from Mikrobot Academy for and during the World Robot Olympiad, WRO Competition in Singapore

Shop Attendant, AVISIM Enterprise, Accra

2021 till date

ACHIEVEMENTS/AWARDS

First place in National Robotics Competition

22nd January 2022

Our Lady of Grace SHS

PROJECTS/RESEARCH EXPERIENCE

Melora

- A Mobile App group project in 2022 as part of my studies as a Computer Science Student. Melora was built to be a better version of Shazam, and by that, one could download the music which was discovered by listening directly on their devices.

Career Atlas

- As part of my studies, we were given a web project to do. My group did Career Atlas, which is a website to help job seekers find jobs, and help employers find job seekers. **Echo Bank AI**
- Also, part of my studies, we were tasked to build an AI powered Website. My group and I built Echo Bank AI to help in the finance sector.

Introduction to Cybersecurity	03 May 2021	Netacad
Cybersecurity Essentials	04 May 2021	Netacad
Introduction to Packet Tracer	04 May 2021	Netacad
CCNAv7: Introduction to Networks	12 May 2021	Netacad
Networking Essentials	29 September 2021	Netacad
Networking Basics	07 October 2023	Netacad

LEADERSHIP EXPERIENCE

- **President, OLAG Robotics Club (September 2021 – May 2022) Our Lady of Grace Senior High School.**
- **President, College of Science Robotics Club (July 2024 to date)**

VOLUNTARY/EXTRA-CURRICULAR ACTIVITY

- **OLAG School Cadet Corps (September 2019 – September 2022) - Assisted in instilling discipline**

SKILLS AND ABILITIES

- Good Communication Skills
- Proficient in the use of computer software's like MS Suites, and others.
- Python and Database tools such as SQL Server Management Studio •
- Frontend Web Development using React.js and backend using Supabase • Ev3 Robotics, Arduino and Robot Design.
- Strong technical and problem-solving skills
- Building and managing LANs
- Installation of Security Cameras at homes and shops

REFEREES

Name: Michael Wilson (Ph.D.)
Research Scientist
Council for Scientific and Industrial Research
P.O BOX M.32, ACCRA-GHANA, WEST AFRICA
Phone: +233 24 763 2002
Email: yboabengwilson@gmail.com

Name: Kwame Oteng Gyasi (Ph.D.)
Senior Lecturer, Department of Telecommunication , KNUST
